

Biography: Deirdre Shepphard

Manager, Water Quality Support Section
Water Quality Division
Texas Commission on Environmental Quality

Current Position

Deirdre Shepphard is the Manager of the Water Quality Support Section. She manages the Information Technology (IT), Application Review and Customer Information and Assistance teams for the division. Adhering to both state and federal rules, their mission is to exceed the expectations of their clients and the citizens of Texas, using their knowledge and expertise in application review, final document processing and information technology.

Prior Experience and Education

Mrs. Shepphard, received her Bachelor of Science degree from Prairie View A&M University and has worked for the TCEQ in the Water Quality Division since 2002. As a former member and Team Leader of the Applications Review & Processing Team, Deirdre has several years of experience and knowledge of the application review, as well as many other division processes.
